Proposal Concerning Gvalhard by [REDACTED]

25X1A5a1

25X1A9a

[REDACTED] checked this out with [REDACTED] who said that as far as OSI is concerned, there is no need for an atomic detection station there. He further indicated that there are better stations available, although this place may be one of the islands selected for the international inspection system. Finally, it appears to us

25X1A9a

25X1X4□

[REDACTED]
[REDACTED] You may wish to check this more carefully with OSI.
